Minority (202) 225-3641

July 8, 2013

The Honorable Mathy Stanislaus
Assistant Administrator
Office of Solid Waste and Emergency Response
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

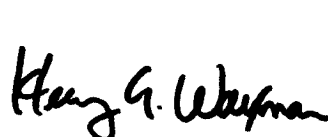

Dear Mr. Stanislaus:

On April 11, 2013, you testified before the Environment and Economy Subcommittee regarding coal ash legislation. At that hearing, you promised 18 times to provide additional information to the Committee on various topics.

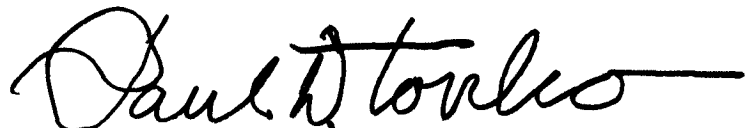

Other nonpartisan sources have documented the substantial flaws with this legislation. And EPA staff have been very helpful in providing information regarding how this legislation, if enacted, will promote groundwater contamination and otherwise threaten public health and the environment. However, we still do not have your formal responses to our questions or the additional information you offered to provide to members of the Committee.

Because the House of Representatives is now scheduled to consider coal ash legislation during the week of July 15, 2013, we request that you provide the information no later than Friday, July 12. Thank you for your attention to this matter.

Sincerely,

Henry A. Waxman
